**** BIG BINGO BONUS: For all of our ambitious Park Questers try and complete ALL 25 activities! ****

Helpful Hints and Information

To achieve a BINGO, please complete five activities of your choosing on the front side of this paper.

NOTE: Rocks is a popular place to be during the summer months. Parking lots often fill to capacity. We recommend pursuing your Quest on weekdays.

To help you on your quest, Rocks State Park will provide an **adventure backpack** filled with helpful materials. The backpack can be picked-up at the Rocks State Park headquarters (3318 Rocks Chrome Hill Road, Jarrettsville, MD 21084), **Monday through Friday, 7:00am -3:00pm**, and at the Rock Ridge contact station (3800 Saint Claire Bridge Road, Jarrettsville, MD 21084), on **weekends and holidays, 9:00am-4:00pm**. For more information, call (410) 557-7994.

*Use the tools and information in the **adventure backpack** to help you on your Quest. Here is some additional information for the following BINGO squares:*

B2) Rocks is a Trash-Free Park. We ask that all visitors pack-out what they pack-in. Park staff could always use more help! Use gloves in your adventure backpack and a plastic trash bag found at the trail heads/parking lots to pick-up trash. Turn the filled bag over to a staff member. Please do not touch anything sharp or hazardous. If you see anything hazardous, call a ranger at (410) 557-7994.

I6) Hidden Valley is a very special place in Rocks State Park. If you are having trouble finding it, check your backpack or smart phone!

N11) The easiest way to reach the King and Queen Seat is from Rock Ridge. When exploring the area, please be careful! The King and Queen Seat includes a 90-foot sheer drop-off the edge. Please watch your children and control pets.

G17) The "Face-in-Hole" will be located outside the park office or in one of the picnic areas. To know where it will be, please call (410) 557-7994.

O21) If you would like to make the leaf rubbing, but do not have the backpack feel free to bring in your own materials. All you need is paper, crayon or color pencil, and any leaf of your choosing.

O23) Make sure to use the **#RocksParkQuest** after posting to any social media about the quest. This will help share your adventure with other Park Quest participants and Rocks staff.
